ALL KINDSA GIRLS, the **Controversy Films** indie doc featuring **the Real Kids**, has its **Canadian premiere** at the **North By Northeast Music & Film Festival** in Toronto, on June 9th, immediately followed by its **European debut** at the **Filmstock International Film Festival** in London on June 12th.

North by Northeast is the Canada's largest music and film conference and festival, featuring nearly 400 live bands playing at more than 30 venues in **Toronto** from June 8th through June 10th. In March, NXNE showcased Canadian bands and hosted a barbecue at the **South By Southwest Music & Film Festival** in Austin, Texas. Controversy Films founder Cheryl Eagan-Donovan was there meeting with distributors, attending the world premiere of **LOUD QUIET LOUD**, the Pixies documentary, and promoting the Toronto screening of **ALL KINDSA GIRLS**.

Filmstock takes place from June 1st through the 15th in Luton, England, just north of London, and features the best in films from around the world. **ALL KINDSA GIRLS** will screen with **BEIJING BUBBLES**, a German documentary about punk rock in China, for a rock and roll double feature, with live music following the screenings.

Controversy Films is currently in pre-production for a new documentary feature, **NOTHING IS TRUER THAN TRUTH**, based on the life of Edward de Vere, Seventeenth Earl of Oxford.
